ISO 21001 Management systems for educational organisations (EOMS)

Service information sheet. ISO Management Systems. Information checked 11 October 2026.

In brief

ISO 21001 is the international management system standard for educational organisations (EOMS). It helps schools and training providers meet learner needs and improve the quality of education. ICFC supports implementation, internal audits and training.

What it is

ISO 21001 sets requirements for a management system in educational organisations, focused on learner and beneficiary needs.

Who it is for

Private schools, training providers, universities, corporate academies and e-learning providers.

How ICFC helps

Service	What we offer
Audit	Third-party audits: Third-party certification audits for ISO 21001 are delivered by our auditors on behalf of accredited certification bodies. The certificate is issued by the certification body, not by ICFC. Second-party audits: Supplier and partner audits against ISO 21001 on behalf of your organisation, with clear findings you can act on. Internal audits: First-party internal audits of your educational organisations management by experienced auditors, combinable with other standards in one integrated audit.
Consulting	Funding: We explain which scheme, if any, applies and what it requires before you commit. Non-grant: A fixed-scope engagement: gap assessment, documentation, implementation coaching, internal audit and management review, and support through the formal audit or assessment. How we work: Practical, proportionate systems that your staff can run after we leave.
Training	Classroom: Public and in-house classroom courses on ISO 21001: awareness, implementation and internal auditor levels. Online LMS: Self-paced and live-online courses on the ICFC Digital LMS, with progress tracking and certificates of completion. Funding: Funding depends on each course's approval status, shown on the course page in the LMS.

Funding

Not on the EDGE Standards list. We did not find this standard on the EDGE Standards list when we checked. Ask us about non-grant options or other schemes that may apply.

Impartiality

Impartiality comes first. Every engagement begins with a conflict-of-interest check. We keep consulting and auditing roles separate, and our auditors never audit, on behalf of a certification body, an organisation that ICFC has consulted on the same scope within the period set by that body.
